Scrigno di tesori d'inestimabile valore, sita ai piedi dei Colli Orientali del Friuli Venezia Giulia, a ridosso delle Prealpi Giulie e attraversata dalle acque smeraldine del fiume Natisone, Cividale accoglie i visitatori offrendogli le numerose testimonianze della sua millenaria storia, tra cui i suoi gioielli longobardi inseriti nella World Heritage List UNESCO, i ricchi sapori della sua cucina, il gusto elegante dei suoi pregiati vini e i suoi incantevoli e variegati paesaggi.

Nestling at the foot of the eastern hills of the Friuli Venezia Giulia region, with the Giulian pre-Alps behind and the emerald green waters of the Nation river running through it, Cividale is famous for its excellent wines cuisine and for the beauty of its natural landscape. Above all, it is home to a wealth of cultural and historical treasures from its over two thousand years of history, among which many invaluable art facts from the Longobard period, which have brought Cividale into the UNESCO World Heritage List. These features combine to make Cividale an exquisite venue for a unique vacation.
